

Let us Introduce Ourselves!

WWD India Pvt. Ltd. defines designs and delivers IT-enabled services business solutions that help Global companies unleash intelligence. The solutions focus on providing strategic differentiation and operational superiority to clients.

WWD India Pvt. Ltd., creates these solutions for its clients by leveraging its domain and expertise along with a complete range of services. With WWD, clients are assured of a transparent business partner, world-class processes, speed of execution and the power to stretch their budget by leveraging the “GlobePointe” Mode WWD pioneered.

WWD India Pvt. Ltd., utilizes two main production centers: one located in Palm Harbor, Florida (just outside of Tampa), and the other in Chennai, India. The Palm Harbor facility provides sales, customer support, quality control, scanning and imaging, programming, electronic data conversion, administration, and data distribution & communications services. WWD's Chennai facility provides the manual capture processes (coding, indexing, unitization, conversion, etc.), database design, transcription, optical character recognition, and IT support, development, and processing services.

Looking for low cost data solutions?

Medical Transcription >>>

WWD India is the pioneer of Web-Based Medical Transcription (eMedSuite). We have created a state of art web-based software and dictation system which not only enables us to provide our clients with fast, accurate and cost effective transcription service, but also creates a medical record system for our clients. As a professional healthcare services company, we extend our medical transcription outsourcing services to physician's groups, individual doctors, as well as for units functioning at hospitals and free standing clinics such as radiology.

General Transcription >>>

We work and partner with a host of media companies, corporations, conference call services and event managers by transcribing a wide spectrum of general audio/video recordings and dictations. These include teleconferences, video conferences, seminars, webinars, corporate meetings, annual general body meetings, sales meetings, corporate hearings, discussions, interviews, and personal notes, amongst others.
